WESTON CITY COUNCIL MEETING MINUTES
JUNE 19, 2019
7:00 P.M.
18 S CENTER WESTON, IDAHO

MAYOR: GREG GARNER

COUNCIL: SARAH LAYLAND, MARK KOLLER, RYAN BECKSTEAD, TRAVIS JOHNSON

CLERK: SHARON KROPF

PRAYER: TRAVIS JOHNSON

PLEDGE OF ALLEGIANCE

BUILDING PERMIT:

Maxine Waddoups asked for a building permit to build a 42x50 hay shed. Mark motioned to approve her permit and Travis seconded. Voting was all in favor. She paid \$100 for the permit.

CITY OFFICE BUILDING:

Travis shared plans to remodel the city office building. He'd like to build a ramp on the outside. Have the roof checked, gut the inside, and re-do the electrical and add insulation, frame new walls and a ceiling and add a new heating/cooling unit. He figures the cost would be \$10,000-\$15,000. He also feels like having an asbestos test would be a good idea before work begins. We need to figure out if Travis can act as the general contractor as long as he doesn't get paid. We will need to have a public hearing next month to open the budget and allow for spending on the remodel.

ORDINANCE/CODE REVIEW:

The council reviewed the table of contents that Sterling Codifiers put together of our city ordinances. Sharon will let them know what changes we have.

OTHER BUSINESS:

Travis asked the council to figure out what they want to do about the live water hookups that are in town that have no meter on them. Do we consider them an active hookup that can be used or do we need to dig them up and cap them at the main line? Mayor Garner will talk to Leo Daley and see what he knows about them.

Ryan motioned to adjourn the meeting and Sarah seconded. The meeting adjourned at 8:42 p.m.
